

The Record of 67 Years

1. Since it began business in 1843, The Mutual Life Insurance Company of New York

Has paid to policyholders \$891,412,264.38

Has accumulated for policyholders 558,020,106.97

Total benefits to policyholders aggregate \$1,449,432,371.35

In 67 years it has received from policyholders 1,304,251,458.55

The excess of benefits to policyholders is \$145,180,912.80

2. That is to say, in the 67 years of its existence The Mutual Life has paid to policyholders, and has accumulated for policyholders, more than \$145,000,000 in excess of all that it has received from policyholders. The gain has, of course, accrued chiefly from earnings on invested funds.

3. During its career its total payments to policyholders have exceeded those of any other company by over \$185,000,000.

4. Since organization the Company has paid in cash dividends to policyholders the sum of \$141,877,500.96. This is greater than any other company has paid in dividends by more than \$20,000,000.

There was a very pleasant social at the vestry Friday afternoon and evening.

Loren Bailey of Lyman and Mrs. Ella Amy of Springfield visited Mrs. F. N. cross Sunday. Mrs. Amy will stop across with Mrs. Cross, Mr. Bailey returning to his home in Lyman the same evening.

WILLARD'S AIR FLIGHT.

Will Be a Thrilling Feature at the Fair on Wednesday—Has Had Fair on Thursday—Has Had Much Experience.

The announcement that arrangements have been perfected for aeroplane flights at the Caledonia county fair by Charles F. Willard is significant. The art of mechanical flights is too new to permit of reference to veteran aviators, or "bird men," but Mr. Willard can boast of being the first man in America, aside from the Wrights and Glenn Curtiss, to successfully operate an aeroplane.

When he appears here, Mr. Willard will drive his 60 horsepower aeroplane around the large aviation field provided and prepared especially for this purpose. Rising from

in front of the grandstand, he will circle the field a number of times, gaining in altitude with every circuit. When he reaches the height of 800 or 1,000 feet, he shuts off the motor, and the great machine is seen to quiver and apparently hang in the air for a moment as if hesitating whether or not to dash itself and its fearless operator to death on the ground 1,000 feet below.

At the proper moment, Willard makes a quick movement of the controlling lever, setting the great wings at a proper angle for descent, and machine and man start upon a graceful, though hazardous, glide to earth with all the grace and dignity of a soaring eagle. Nearing the earth the operator again shifts his forward controlling planes, skims along near the ground for a few feet and then alights with scarcely a perceptible jar.

It takes coolness and nerve to make this dipping glide, for if the

aviator for an instant loses his control of his swift flying craft, he is liable to be dashed to death or serious injury. No aviator is better able to accomplish this spectacular and thrilling feat than Willard. Following a series of successful demonstrations made by him in New York recently, the Evening Journal referred to him as the "master of the air," and his record since then has made him deserving of holding the title.

Willard has made some of the best flights ever seen near the metropolis, and this machine, which he will use here, is the one with which he made recently the first three-man flight made in America, when he carried his brother, W. H. Willard, and J. C. Mars aloft. His exploits at the Boston meet, just closed, have brought him even more prominently into the public eye. In one speed contest he distanced both Grahame-White and Johnstone.

Felix Prouff and bride have moved into the Darling tenement vacated by Mr. Gilbert.

Mrs. George Phillips does not gain as fast as her many friends could wish. Dr. F. E. Farmer was called in council with Dr. Root Sunday. Their mother, Mrs. Etta Phillips, is gaining.

Mr. and Mrs. D. B. Gilson Alvah Gilson and son, Clyde, Mr. and Mrs. M. H. Gilson and George Gilson and family were called to St. Johnsbury Center, Monday, to attend the funeral of Mrs. Luella Gilson Emerson.

Mr. and Mrs. O. E. Beck of St. Johnsbury spent Sunday with Mrs. Beck's parents, Mr. and Mrs. V. L. James.

Mr. and Mrs. J. Edwin Palmer of Pittsburg, Pa., are spending a few days with Mr. and Mrs. S. L. Thurber.

WEST BURKE.

The annual Sunday school picnic of the Methodist church held last Saturday, was one of the most successful in the history of the school. As Mr. Newman, who had donated his big hay team, drove up to the church, the scholars and friends piled into his and other conveyances and hied them to the south end of Lake Willoughby. Dinner was served immediately, washed down by good coffee made by Mrs. Caswell. The afternoon was devoted to sports in which young and old joined. A pleasant feature of the day was a ride around the lake by steamer, minutely directed by O. Woodruff, and "Doc" Jenkins, being the Santa Claus of the occasion. The day closed with the unanimous verdict that all things were A. 1. The following were the prize winners: Mrs. Heath, Misses Dwing, Denmore, Sellers, Heath, Cummings and Donaville, and Messrs. A. Gaskill, Bishop, Roundy, W. Gaskill, Heath, and Williams. The tug-of-war resulted in victory for the side captained by Mr. Woodruff.

Mr. and Mrs. J. Edwin Palmer of Pittsburg, Pa., are spending a few days with Mr. and Mrs. S. L. Thurber.
